## More for you – right from the start

Developed for customers  
who need more.

The VMT9000 series works reliable even in the most challenging environments and is characterized by a particularly compact and extremely rugged design.

The touchscreen is IK09 specified and therefore extremely break- and abrasion-resistant. The sunlight readable display allows a trouble-free readability in difficult visibility conditions and places.

[Technology 100% made in Germany.](#)

# VMT9000 series

## Technical data

	9010	9012	9015	9112
<b>Housing</b>	Fanless die-cast aluminum housing powder-coated
